

Help us help you...

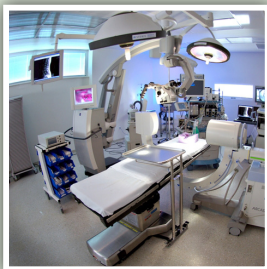

Naming Opportunities for the Emergency Department Remodel

Naming Opportunities allow your legacy of support to be known to all.

■ FOUR EMERGENCY ROOMS:

Price range from \$35,000 to \$150,000

1. Trauma/Cardiac Room (double occupancy)
2. Pediatric Room
3. Orthopedic Room
4. General Emergency & Isolation Room

■ EXAM LIGHTS:

Level 1: \$1,230 each (What we have on order)

This is a very basic exam room light. We are ordering two new lights for the Trauma room and reusing the old ones for other rooms. We'd prefer to be ordering five if donations allow...

Level 2: \$6,820 each
(What we would like)

This is the mid-level trauma room light.

Level 3: \$17,730 each (What we dream of)

The best dual-headed trauma light made. Would be fantastic in our Trauma room.

■ STRETCHERS:

\$4,400 each

These stretchers greatly reduce the physical strain on clinicians without sacrificing patient care and comfort.

Five new stretchers are needed. Our old ones are more than 20 years old and are no longer serviceable.

■ MINI C-ARM: \$60,000

A compact, mobile fluoroscopy unit providing real-time images with less radiation than traditional x-rays and can be performed at the patient's bedside. It allows for precise and rapid setting of fractures.

■ CENTRAL MONITORING SYSTEM (CMS):

\$28,000 - With a CMS, a nurse can see all the patients' vital signs on one monitor from the nursing station. This is not currently a part of the remodel as the budget didn't allow it, but we are planning for it in the future. Hopefully our donors can make it happen today.

■ FLOOR: \$17,300

The new flooring will be seamless, low maintenance and still retain shine. It is also impregnable to blood.

We've met our fundraising goals for these items thanks to your generous support!

■ **CARDIAC MONITOR:**
Five at \$7,740 each

■ **CHEMISTRY ANALYZER:**
\$13,500
